Greetings Brother Knights,

Thank you very much to Marvin Konechne for chairing our March breakfast. Proceeds will go toward the Bishops Burse fund to help the educate future priests. Our council hosted an appreciation meal for all our members and the community volunteers of the fire, ambulance and law enforcement this last month. The event was very well attended and thanks goes out to John Stadler and Kevin Heath for their cooking skills. Our state convention will be in Spearfish the last week of April. If anyone would like to attend, our council could set you up with some meal tickets. It is a great event if you have not made it yet. Coming up on April 11 at St. Margarets at 7 pm, we will be hosting a speaker for the CRE classes and the public to attend. Former standout SDSU athlete Josh Ranek will be speaking about right to life and Christians in athletics. Please make plans to attend. Thanks go out to Maynard for his efforts in selling tickets for the Knights SPF (Special funds project). A tickets are \$20 or three for \$50. Grand prize is \$10,000 with several other dollar amounts to be given away. Our council will receive \$5 from every ticket our council members sell. With our hundred plus members that could be a nice \$500 for our council fund. Ticket buyers have a great chance to win and help our council with one easy purchase. Our April breakfast will mark the 50th anniversary of Kimball KC's putting on the pancake breakfasts. In appreciation of all the years of service, this month's breakfast will be free to all. It would be a great time to hear some of the many memories from the past 50 years that Sunday. Maybe someone was there at the first one?? Who was the chairman?? Who has burned the most pancakes over that many years?? I'm sure you will say fifty years went by fast. Maybe in exchange for free breakfast you could purchase a SPF tickets. They are for a great cause.

Chris Konechne, Grand Knight.

A LITTLE HUMOR FOR YOU!

A blind man was out walking with his seeing-eye dog when suddenly the animal paused and wet the man's leg. Bending down, the blind man stretched out his hand and patted the dog's head. Having watched what happened, a bystander said, "Why are you patting him? That dog just peed on your leg!" "I know," said the blind man, "but I gotta find his head before I can kick his butt."

Someone saw a blonde eating a Tootsie Roll Pop and asked her, "So, how many licks does it take to get to the center of a Tootsie Roll - Tootsie Pop?" Without a thought, the blonde replied, "Beats me, but it took almost the whole day just to lick through the wrapper."

WHY IS EASTER THE MOST IMPORTANT FEAST TO CATHOLICS?

Easter is the celebration of Christ's resurrection from the dead. It is celebrated on Sunday, and marks the end of Holy Week, the end of Lent, the last day of the Easter Tridium (Holy Thursday, Good Friday and Easter Sunday), and is the beginning of the Easter season of the liturgical year.

As we know from the Gospels, Jesus Christ rose from the dead on the third day following his crucifixion, which would be Sunday. His resurrection marks the triumph of good over evil, sin and death. It is the singular event which proves that those who trust in God and accept Christ will be raised from the dead. Since Easter represents the fulfillment of God's promises to mankind, it is the most important holiday on the Christian calendar.

In the Gospels, the precise details of the Easter narrative vary slightly, but none of these variances are critical to the main story. In fact, it is argued that the variances are simply matters of style and not substance. Despite the variances, the key aspects of the Easter story all match. Above all, they agree that the tomb of Christ was indeed empty, which is the most essential fact.

Based on direct evidence from the mid-second century, it is believed that Easter was regularly celebrated from the earliest days of the Church.

The Easter date is movable and always falls on a Sunday between March 22 and April 25. Easter in the Roman Catholic Church is always on the first Sunday after the first full moon after the spring equinox.
